

ENVIRONMENTAL POLICY

Roadstone Ltd is a leading producer and supplier of construction materials and solutions in Ireland. The company recognises that the protection of the natural environment is an integral part of its business, and therefore endeavours to undertake its activities in an environmentally responsible and sustainable manner.

Our key objectives are:

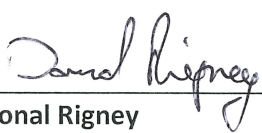

- Compliance with all relevant legislation, regulations, and operation to the International Standard ISO14001.
- The continuous improvement of our environmental performance.
- Fostering strong relationships with our neighbours at each of our locations.
- Management of the visual impact of our operations on the surrounding landscapes.
- Efficient use of our resources and management of the generation and disposal of waste, thereby ensuring the prevention of pollution on all our sites.
- Embracing circularity by maximising recovery, re-use and recycling opportunities for our products and processes.
- To be a leader in sustainability within the building materials industry.

Policy implementation is achieved by:

- Setting and reviewing environmental objectives and targets as part of a company Environmental Management System.
- Management commitment to the objectives and provision of the necessary resources.
- Educating, training and motivating employees and contractors to carry out tasks in an environmentally responsible manner.
- Providing integrated solutions which can be delivered more efficiently and sustainably by combining our materials, products, services and recycled end of life materials.

This Policy is communicated to all Roadstone Ltd employees and contractors. The company recognises that the successful implementation of its policy depends on the ongoing commitment of all those working in the organisation.

Signed on behalf of Roadstone Limited:

Donal Rigney
Managing Director
