

## concrete building blocks

Roadstone is the single largest producer of concrete blocks in Ireland. Manufactured in two ranges with a choice of standard or fine textured finish, they comply with the Irish Standard Specification IS 20:1987 and NSAI quality management system IS EN ISO 9002.

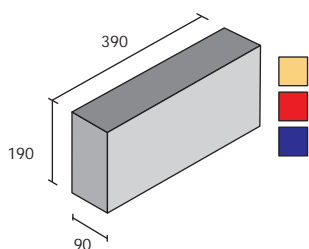

In addition, Roadstone manufactures High Strength Blocks to meet the requirements detailed in IS 20:1987.

Roadstone concrete blocks are manufactured from aggregates specially produced at our own quarries. This reliability of raw materials together with consistency of manufacture, stringent quality control procedures, secure banding and mechanical handling, all contribute to the delivery of a quality product.

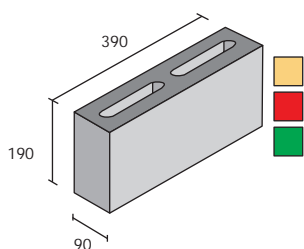

As a market leader we are focused on customer service, product innovation, manufacturing expertise and technical support and we are pleased to advise on any special products and requirements.

## 400 range

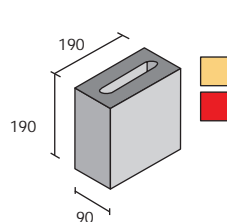

Co-ordinating size 400mm x 200mm - 12.5 blocks per sq. metre.

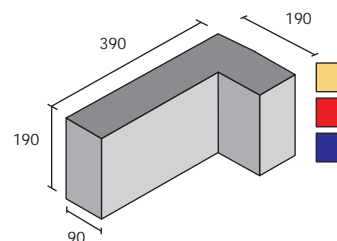

**Solid**  
390 x 190 x 90mm  
13kg. 5MPa (5N/mm<sup>2</sup>)

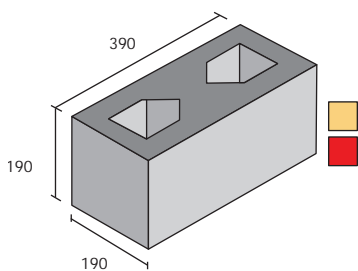

**Hollow**  
390 x 190 x 90mm  
11kg. 5MPa (5N/mm<sup>2</sup>)

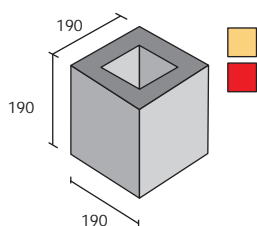

**Half Hollow**  
190 x 190 x 90mm  
6kg. 5MPa (5N/mm<sup>2</sup>)

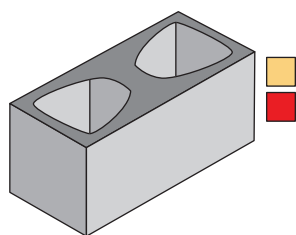

**Quoin/Cavity Closer**  
390 x 190 x 90/190mm  
17kg. 5MPa (5N/mm<sup>2</sup>)

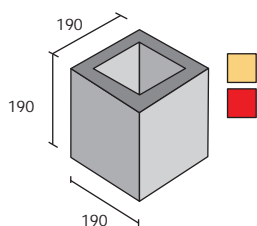

**Hollow (25% Void)**  
390 x 190 x 190mm  
25kg. 5MPa (5N/mm<sup>2</sup>)

**Half Hollow (25% Void)**  
190 x 190 x 190mm  
13kg. 5MPa (5N/mm<sup>2</sup>)

**Hollow**  
390 x 190 x 190mm  
18kg. 3MPa (3N/mm<sup>2</sup>)

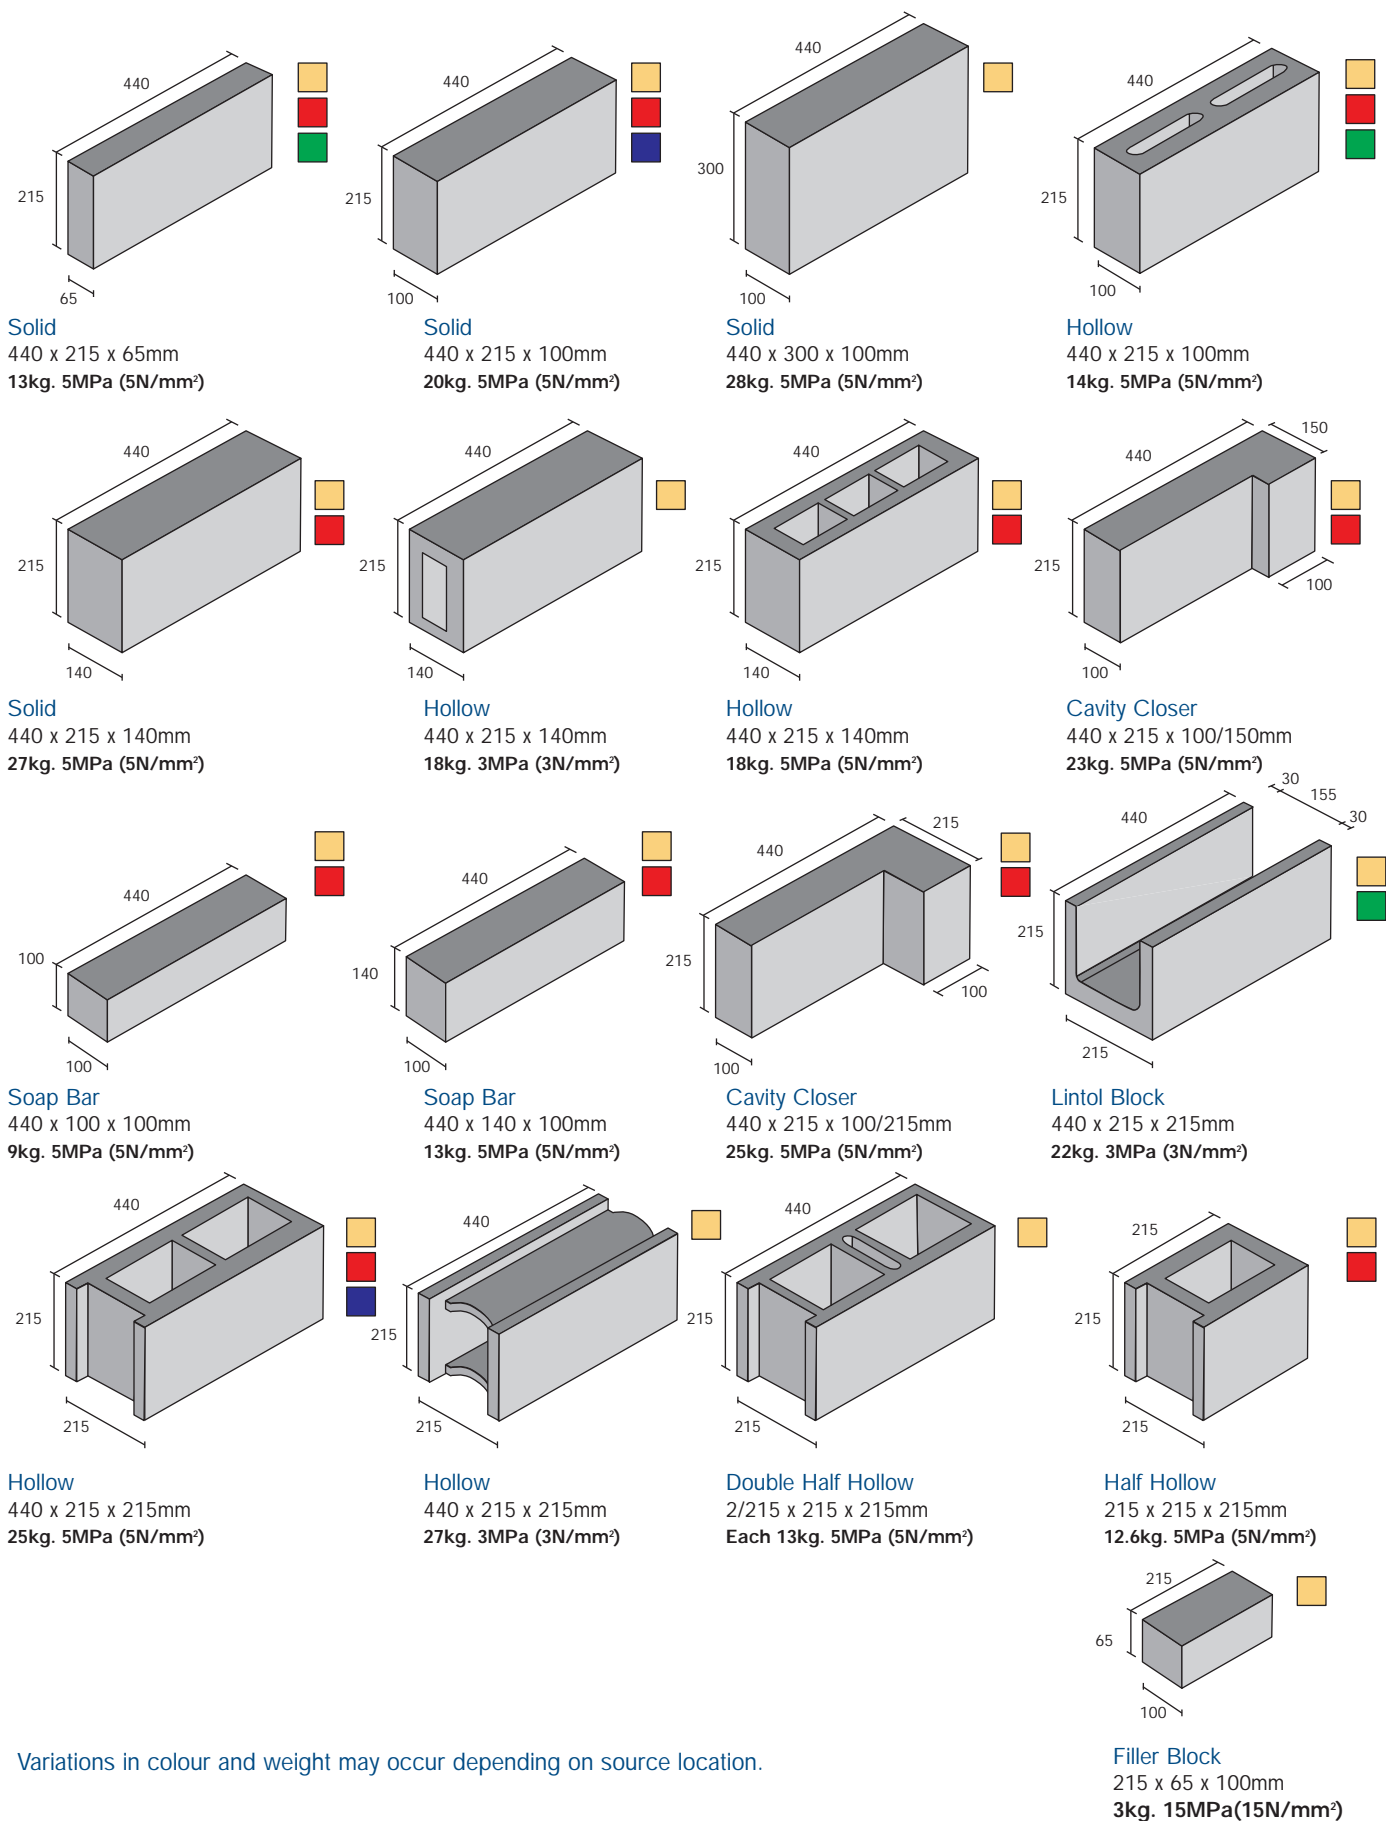

**Half Hollow**  
190 x 190 x 190mm  
9kg. 3MPa (5N/mm<sup>2</sup>)

- Standard Block
- To order only
- Also manufactured in Fine Texture
- High strength available
