
[Roadstone - leading supplier of building materials](#)

[Decorative Gravel](#)

Roadstone's selection of traditional Irish and European decorative stones are ideal for any driveway, footpath or flowerbed. Available in a range of colours and sizes our gravel is also ideal for use with [CoreGravel Stabilising Sheets](#) to help gravel stay in place.

With a large selection of decorative gravel to choose from, please visit your nearest Roadstone Retail outlet to see what is available. Locations can be found [here](#).

Roadstone can also supply weed control fabric which allows water and nutrients to quickly pass through to the soil, while stopping sunlight and preventing weeds from germinating. Co-MAT Weed control is also available at all [Roadstone Retail outlets](#) nationwide.

Key features and benefits

- Vast array of colours and sizes available
- Some of our Coloured Aggregates are available in 25Kg and 1 tonne bags
- Loose products may also be available collected or delivered

Technical specification

Note: Images of the Decorative Gravel are enlarged and suited for web purpose to give the indication of the colour and style. The images does not indicate the actual size of the Decorative Gravel. Customers may also be advised that Decorative Gravel are a natural product source, in which case colour and size can not be guaranteed. It is essential that you check in store at your nearest Roadstone Retail Outlet prior to ordering from the Decorative Gravel range.
